If you are using our Services on behalf of a legal entity, you further represent and warrant that: (a) the legal entity is duly organized and validly existing under the applicable laws of the jurisdiction of its organization; and (b) you are duly authorized by such legal entity to act on its behalf. You can only use our Services if permitted under the laws of your jurisdiction. Please make sure that these Terms are in compliance with all laws, rules, and regulations that apply to you. By using Quarashi Multi Crypto Wallet and Exchange, you represent and warrant that you meet all eligibility requirements that we outline in these Terms. We may still refuse to let certain people access or use Quarashi Multi Crypto Wallet and Exchange, however, and we reserve the right to change our eligibility criteria at any time.

THE BLOCKCHAIN SERVICES

Quarashi Multi Crypto Wallet and Exchange is software that (a) generates Wallet addresses and encrypted private keys that you may use to send and receive Ethereum and related cryptographically secured tokens (the “Virtual Currency”); (b) allows users to browse third party decentralized applications (“DApps” or “DApp”) through the mobile application’s DApp browser; and (c) facilitates the submission of Virtual Currency transaction data to Ethereum-based blockchains (the “Ethereum Networks”) without requiring you to download or install the associated Ethereum-based software to your local device. Wallet Address, Private Key, and Backup Capabilities. An encrypted backup of certain information associated with the Wallet can be stored on your device in Keystore JSON format. The private key is connected to the Wallet address and, together, they can be used to authorize the transfer of Virtual Currency to and from that Wallet address. You are solely responsible for maintaining the security of your private key and any mnemonic (backup) phrase associated with your Wallet. You must keep your Wallet address, mnemonic (backup) phrase, and private key access information secure. Failure to do so may result in the loss of control of Virtual Currency associated with the Wallet. Quarashi Multi Crypto Wallet and Exchange Cannot Assist With Password Retrieval. Quarashi Multi Crypto Wallet and Exchange stores your Wallet address but does not receive or store your Wallet password, encrypted private key, unencrypted private key, or mnemonic (backup) phrase associated with your Wallet. We cannot, therefore, assist you with Wallet password retrieval. We cannot generate a new password for your Wallet if you fail to remember your original password. If you have not safely stored a backup of any Wallet address and private key pairs maintained in your Wallet, you accept and acknowledge that any Virtual Currency you have associated with such a Wallet address will become inaccessible if you do not have your Wallet password. Virtual

Currency Transactions. In order to be completed, all proposed Virtual Currency transactions must be confirmed and recorded in the Virtual Currency's associated public blockchain. Such networks are decentralized, peer-to-peer networks supported by independent third parties, which we do not own, control, or operate. We have no control over the Ethereum Networks and, therefore, cannot and do not ensure that any transaction details that you submit via our Services will be confirmed and processed. By using Quarashi Multi Crypto Wallet and Exchange, you acknowledge and agree that the transaction details you submit may not be completed, or may be substantially delayed, by the Ethereum Networks. Quarashi Multi Crypto Wallet and Exchange Does Not Store or Transmit Virtual Currency. We do not store, send, or receive Virtual Currency. Any transfer that occurs in any Virtual Currency occurs on the Ethereum-based blockchains and not on a network owned by us. We therefore do not guarantee that Quarashi Multi Crypto Wallet and Exchange can affect the transfer of title or right in any Virtual Currency. Accuracy of Information Provided by User. You represent and warrant that any information you provide via the Services is accurate and complete. You accept and acknowledge that we are not responsible for any errors or omissions that you make in connection with any Virtual Currency transaction initiated via the Services. We strongly encourage you to review your transaction details carefully before attempting to transfer a Virtual Currency.

WALLET REGISTRATION AND ACCOUNT INFORMATION

You must either import or create a Wallet in order to use Quarashi Multi Crypto Wallet and Exchange. When you create a Wallet, you will be assigned a private key. You will be prompted to download and save a keystore - your private key encrypted with a password. You will be responsible for maintaining the confidentiality of your private key and keystore, and will be fully responsible for any and all activities that occur under your account. You agree to immediately notify us of any unauthorized use of your password, account, or any other breach of security. We will not be liable for any loss or damage arising from your failure to comply with this paragraph. When you create a Wallet, you are strongly advised to take precautions in order to avoid loss of access to and/or control over your Wallet. Suggested measures include, but are not limited to, the following: (a) creating a strong password that you do not use for any other website or online service; (b) using the backup functionality provided by the Wallet or safeguard your private key and mnemonic (backup) phrase on an external hard drive which, all users, especially users who have more than \$100,000 USD in assets, are encouraged to do even if they are utilizing the Services' backup functionality; (c) maintaining the security of your Wallet by protecting the private key and mnemonic (backup) phrase associated with your Wallet by, for example, limiting access to your computer and your Wallet; and (d) promptly notifying us if you discover or otherwise suspect any security breaches related to your Wallet. Push Notifications. You may agree to receive push notifications from Quarashi Multi Crypto Wallet and Exchange that will alert you when Ethereum-based blockchains are congested and when transactions involving your Wallet have been completed. Push notifications can be enabled to display information about Token Launches. If you would like to receive push notifications, you must opt in to the service by accessing "Settings" and enabling "Push Notifications". Payment and Fees. Quarashi Multi Crypto Wallet and Exchange does not currently charge any fees for any of its Services. However, we reserve the right to do so in the future and, in such case, any applicable fees will be displayed prior to you using any service to which a fee applies. Transactions. Once transaction details have been submitted via the Services, we cannot assist you to cancel or otherwise modify your transaction. Quarashi Multi Crypto Wallet and Exchange has no control over any Ethereum-

based blockchain and does not have the ability to facilitate any cancellation or modification requests. You must ensure that you have an adequate balance in your Wallet and/or gas to complete transactions before initiating a transaction. You acknowledge and agree that we will not be liable for any failed transactions due to insufficient funds or gas associated with your Quarashi Multi Crypto Wallet and Exchange account. Taxes. It is your responsibility to determine what, if any, taxes apply to the transactions that you have submitted transaction details for via the Services, and it is your responsibility to report and remit the correct tax to the appropriate tax authority. You agree that we are not responsible for determining whether taxes apply to your Ethereum-based transactions or for collecting, reporting, withholding, or remitting any taxes arising from any Virtual Currency-related transactions.
